Welcome Participants!

The poster session will take place in dedicated room, where posters will already be pre-loaded and organized in a grid similar to an in-person conference. To interact with a poster, conference attendees will walk up to the poster and press the "x" key to enter a full screen viewing. While viewing the poster, they will also be able to interact with the presenter. An example poster room looks like this:

When your avatar is in the private space near a poster, all other conference attendees in that space will be able to see and hear you through your webcam and microphone. You will only be interacting with people in this space, and not the neighbouring spaces. This promotes conversation with the presenter without interrupting conversation going on at other posters.
